Report on the Israeli Invasion of Jenin Refugee Camp Appendix D: Refugee Messages

Posters made by refugees from the Jenin Refugee Camp forced into Romani village, 15 kilometers west of the camp:

- 1) We have the right to live in peace and dignity with our children
- 2) The independent state is our only choice
- 3) Sharon's massacres only strengthen our determination to return
- 4) The refugee camp is only a step on the way to return
